

Our top priority at Inroads to Recovery is to keep our patients, staff, and community safe. We continue to actively plan, prepare, and take action to prevent the spread of illness.

Inroads to Recovery will continue to follow the CDC's masking recommendations for healthcare facilities. Physicians, staff, patients and visitors are all required to wear a mask while in our office.

- **ALL** individuals who enter our office are **REQUIRED** to wear a mask or other face covering (scarf, bandana, etc.) during the entire time they are in our office, even if you are in a private room. This reduces aerosols in our building.
- Please make sure no one in your family is experiencing any type of illness (example: fever, cough, sore throat, etc.). If you or your family show any symptoms of illness or have tested positive for COVID-19, please call us at (402) 697-7200 to reschedule.
- When you arrive, please proceed directly to our front desk, no need to text or call unless you have COVID-19 symptoms.

Below are our guest guidelines:

- **One guest** is allowed with you at all your appointments.
- A translator is allowed at your visit in addition to your one guest.

Please take time to stay up to date on the most recent information provided by the Centers for Disease Control and Prevention (CDC) www.cdc.gov/COVID19 or Nebraska DHHS www.dhhs.ne.gov/Coronavirus.

These policies are subject to change at any time. Thank you for your cooperation
